

Ronald McDonald House of Southern New Jersey relies heavily upon the support of the community to continue its mission to provide a home-away-from-home to the families of critically ill and traumatically injured children. Clearview students and staff showed their support for this worthy cause by creating and donating fleece blankets to those less fortunate. Students from Mrs. Zander's Sewing IV course in conjunction with Mrs. Jones-Damminger and F.C.C.L.A. worked diligently to help the Ronald McDonald house provide a warm and comfortable environment to these families during what may be the most stressful time in their lives. On March 5, 2010 families from all over the United States and abroad were on hand at the Ronald McDonald House to receive these blankets. Since 1983, over 18,000 families from the 9 southern counties of New Jersey, 40 other states and 28 foreign countries have stayed at the Ronald McDonald House of Southern New Jersey.
