Frank Lengetti, Instructor Middle School Room 302
Learn the concepts of basic photography and how to use your single lens reflex digital camera. Learn what the buttons and settings on the camera are for. Areas covered are f-stops, shutter speeds, shooting modes, memory cards, types of lighting and camera menus (covered in detail). Short assignments will be given to be done at home. At first class we will “take a tour of your camera”. Bring camera, operator’s manual and lens cleaning kit (approximate cost: $10). Course is not for point and shoot cameras. Include camera model on the Registration Form. Recommend registration by Nov 4th.

QUILTING Square within a Square, within a Square Course #T21A
8 Classes: $75 Tuesday · Oct 11 – Nov 29 · 7:00–9:00 pm
Trish Walton, Instructor High School Room 712
Don’t let the title of this class fool you! It is a great class for beginners to advanced quilters. For the beginner, we can make an easy quilt in a smaller wall hanging or lap size depending on your needs. For the advanced quilter, we can fussy cut the center, add a spacer block and set the whole quilt on point. Either way, depending on your fabric choices and settings, you can create multiple looks from this one simple pattern. You can use four fabrics or as many as you like; A great quilt for scraps. You will need a sewing machine in good working order, rotary cutting supplies and of course you fabric. Amount of fabric will vary depending on your choice of size and layout. Bring pencil and paper and cameras the first night as samples will be shown and supplies discussed based on which design you like best. Technique will be demonstrated.
