### 5514 STUDENT USE OF VEHICLES ON SCHOOL GROUNDS

The safety of students, staff members, school visitors, and others while on school grounds is of significant importance to the Board of Education. A student's use of a vehicle and/or other modes of transportation on school grounds has the potential to present a safety hazard for the student operator and to other students, staff members, school visitors and others while on school grounds.

Students in grades 11 & 12 are permitted to drive their automobile to and from school and park in the area designated for student parking.

The student must register their automobile with the Principal or designee who will provide the student with school rules for driving and parking on school grounds. The school's rules may require a permit that must be affixed on a window or be clearly visible from outside the automobile when the automobile is parked on school grounds.

#### Parking Rules and Regulations
